SUMMARY OBJECTIVE

Detail-driven Civil Engineering graduate from Shahjalal University of Science and Technology (**SUST**) with **1 year 8 months** of professional experience in structural design analysis, quantity estimation, and infrastructure project coordination. Proven track record in high-pressure engineering environments, including executing comprehensive **structural modeling, foundation detailing, and mat layouts** for **20+** multi-story residential structures (**up to G+15**) at **EPCT**, as well as providing technical design and alignment support for major joint-venture infrastructure packages at **CCECC**. Proficient in **ETABS, CSI SAFE, AutoCAD, and ArcGIS Pro**, with a strong command over **BNBC 2020 and ACI standards**. Aiming to leverage this robust design background and hands-on coordination skills to contribute effectively to challenging structural and construction engineering projects.

EMPLOYMENT HISTORY

Design Engineer *Jan 2026 – Present*
China Civil Engineering Construction Corporation (CCECC) *Dhaka, Bangladesh*

- Assisting in structural review under strict codal compliance **(BNBC 2020/ACI)**, drawing alignments, and cross-checking structural engineering specifications for large-scale infrastructure corridors.
- Utilized **ArcGIS Pro** for advanced spatial mapping and site vulnerability screening to analyze geotechnical constraints and optimize alignment safety.
- Preparing comprehensive **Bar Bending Schedules (BBS)** and detailed quantity estimation reports using MS Excel for structural elements.
- Coordinated with site construction teams to systematically update daily progress logs, field data, and as-built structural modifications.
- Supporting senior engineers in project planning, execution, and design specification reviews.
- Coordinating with site teams and contractors to ensure compliance with project requirements.
- Monitoring project progress and reporting updates to management.

Assistant Structural Engineer *Dec 2024 – Dec 2025*
Engineering Planning & Consultancy Team (EPCT) *Sylhet, Bangladesh*

- Developed detailed foundation, substructure, and reinforcement drawings for 20+ residential building projects (up to G+15) using **ETABS, CSI SAFE, and AutoCAD**, ensuring structural safety parameters that align with high-capacity engineering standards.
- Executed structural modeling, engineering drafting, foundation detailing, and mat reinforcement layouts in strict compliance with BNBC 2020 and ACI standards.
- Provided on-site technical supervision and conducted structural surveys to ensure strict construction quality control.
- Developed quantity estimations for 8 projects using Revit and Excel for accurate budgeting.

EDUCATIONAL QUALIFICATION

Bachelor of Science in Civil and Environmental Engineering (CEE) *2023*
Shahjalal University of Science and Technology (SUST) *CGPA: 3.19/4.00*

Higher Secondary Certificate (HSC) in Science *2019*
Notre Dame College *GPA: 5.00/5.00*

Secondary School Certificate (SSC) in Science *2016*
Umir Uddin Pilot High School and College *GPA: 5.00/5.00*

SKILLS & EXPERTISE

- **Structural & Civil Engineering: ETABS** (Structural Analysis), **CSI SAFE (Foundation Design), Revit, AutoCAD**, Hydraulic Modeling (EPANET), CFD Simulation (FLOW-3D).
- **Design Codes & Compliance:** BNBC 2020, ACI 318-19, AISC code, Concrete Reinforcement Standards, Bar Bending Schedules (BBS) & Quantity Estimation.
- **Geospatial & Data Science: ArcGIS** (Spatial Analysis & Mapping), **Python for GIS Automation**, SPSS, Minitab (Data Modeling & Hypothesis Testing).
- **Data Visualization & Programming:** MS Excel (Advanced), OriginPro (Scientific Graphing), Java, HTML, CSS, JavaScript.
- **Professional Skilling & Languages:** AI Integration (ChatGPT/Gemini for Workplace Automation), 21st Century Employability Skills, Bengali (Native), English (Fluent).

PROFESSIONAL DEVELOPMENT & TRAINING

- **Structural Design & Codal Compliance**

1. **Analysis and Design of RC Structure with Codal Provision** *Dec 2025 – June 2026* Advanced structural design and compliance based on BNBC 2020 and ACI 318-19. *Instructor: Engr. Zahid Hasan Khan (PWD)*

- **Core Structural & Civil Engineering Software**

2. **ETABS (Zero to Hero)** – Comprehensive Analysis & Modeling (5.5 Hrs) *Oct 2025* *Verify Certificate (Udemy)*
3. **Structural Scheme Setting & ETABS Analysis of RCC Building** – L&T EduTech *Oct 2025* *Verify Certificate (Coursera)*
4. **Design Basics of RCC Buildings** – L&T EduTech via Coursera *Oct 2025* *Verify Certificate (Coursera)*
5. **AutoCAD 2D & 3D (Zero to Hero)** – Expert-level Drafting (13 Hrs) *Oct 2025* *Verify Certificate (Udemy)*
6. **AutoCAD: Beginner to Advanced** – Advanced Technical Modules (3 Hrs) *June 2026* *Verify Certificate (Udemy)*
7. **Water Supply System Design by EPANET** – Hydraulic Modeling (2.5 Hrs) *June 2026* *Verify Certificate (Udemy)*
8. **CFD Simulation using FLOW-3D** – Computational Fluid Dynamics (3.5 Hr) *June 2026* *Verify Certificate (Udemy)*

- **Programming, Automation & Professional Skills**

9. **MS Office with AI - Word, Excel, PowerPoint, ChatGPT & Gemini** – Professional Applications (9.5 Hrs) *Nov 2025* *Verify Certificate (Udemy)*
10. **HTML, CSS for freshers 2026!** – Web Development Fundamentals (25.5 Hrs) *June 2026* *Verify Certificate (Udemy)*
11. **Learn AI Python Machine Learning Data Science Big Data** – Technical Core (8 Hrs) *July 2026* *Verify Certificate (Udemy)*
12. **Professional Powerpoint AI Course: From Basic To Advanced** – Presentation Optimization (1 Hr) *July 2026* *Verify Certificate (Udemy)* *Verify Certificate (Udemy)*
13. **Python for GIS Automation & Geospatial Applications** *Nov 2025* *Verify Certificate (Udemy)*

14. **21st Century Employability Skilling Program (Advanced)** – Wadhwani Foundation *Nov 2023* *Verify Certificate (Wadhwani Foundation)*
15. **JavaScript Beginner's Bootcamp 2020** – Web Development Basics *Apr 2023* *Verify Certificate (Udemy)*
16. **Applied Digital Skills** – Google Certified (Google Workspace: Sheets Part 1 & 2) *2025*

PUBLICATIONS & RESEARCH

◇ Peer-Reviewed Journal Publications

1. Rahul Das Gupta, Md. Hasibul Chowdhury, and **Imran Hasan**. "*Seasonal variation, spatial patterns, and environmental correlates of fecal coliform in two urban drainage channels in Sylhet, Bangladesh.*" *Water Practice & Technology*, Vol. 21, No. 5, May 2026. *DOI: 10.2166/wpt.2026.306*

◇ Papers Submitted & Under Review

2. Bijit Kumar Banik, Rahul Das Gupta, Md. Hasibul Chowdhury, **Imran Hasan**, Muhammad Azizul Hoque, Tirtha Karmaker, Tanvir Ahammed, and Md. Imran Kabir. "*Inferring human fecal contamination from temporal rhythms of microbial indicator loading: The 'Anthropogenic Pulse' as a behaviorally grounded complement to molecular source tracking.*".
3. **Imran Hasan**, Md. Hasibul Chowdhury. "*Post-event Seismic Vulnerability Assessment of Dhaka's Informal Settlements Following the November 2025 Earthquake:A GIS-Based Multi-Criteria Approach Integrating Building Pounding Risk and Liquefaction Susceptibility*".
4. **Imran Hasan**, Md. Hasibul Chowdhury, and Rahul Das Gupta. "*Seismic Optimization of RC Special Moment Resisting Frames using Genetic Algorithm: A Performance-Based Design Approach per BNBC 2020.*".
5. **Imran Hasan**, Md. Hasibul Chowdhury. "*A data-driven, GIS-based national assessment of bridge scour susceptibility under flood hazard: frequency-ratio, logistic-regression and ensemble modelling of the U.S. National Bridge Inventory*".

PERSONAL INFORMATION

Father's Name:	Md. Altafur Rahman
Mother's Name:	Rousan Ara
Permanent Address:	Gobindopur Nangla, Melandoho, Jamalpur
Date of Birth:	5th February 2000
Nationality:	Bangladeshi (By Birth)
